

# LIONCOIN

ALWAYS REMEMBER WHO YOU ARE

# ABOUT US

We are a community of multidisciplinary entrepreneurs, focused on our users; based on the sustainability and growth of our work. Our team carries out the work with determination, dedication and commitment; always bearing in mind that we share the benefits generated with children suffering from cancer in the world.

Having as intermediaries certain NGOs; in charge of distributing the resources we contribute. We know that success is in working, inspired by the moral values that we have declared as part of our ethical principles, which will lead us to be a leading project, recognized for the strength and charisma of our human resources.

# MISSION

We are a high-performance human capital with a positive attitude, oriented to action and with a customer-centric focus to achieve your financial goals, personalized attention; with innovative products and services and with a decentralized first level technological platform; generating value for our clients, collaborators and shareholders.

# VISION

Be recognized as a decentralized project; leader in quality of financial exchange services, whose main commitment is to provide the best solutions to our clients, with profitable and sustained growth for all and sustainable progress for their human capital.

# DISTRIBUTION OF ASSETS

# WHY TRONSCAN

We opted for the Tronscan for three main reasons; always thinking of our clients:

1. Safety
2. Velocity.
3. Economy

These three concepts are essential pillars when managing your finances. Your comfort and tranquility are our goals.

# BECAUSE THE HUMAN FACTOR IS IMPORTANT

Our project is developed with our clients in mind. Our pillars are the essence of the human factor: safety, speed and economy; For this reason we allocate a part of the profits to help those who really need it; and you are part of that help. Children are the hope of the world and we must take care of them. That is why every grain of sand counts. That's where we come in and with your help we will make the world a better place.

# HOW WE HANDLE FINANCE

With LIONCOIN (LCN) everyone wins, our holders benefit with 1.5% for keeping their coins; and this comes from each transaction that is executed, whether it is a purchase or a sale; As part of the process, children with cancer in the world also benefit and we improve our project every day for the good of all.

# WE CONCLUDE SO

The financial evolution with cryptocurrencies does not stop and new forms of development appear every day; and we also contribute to this; Through an ecosystem that brings with it essentially new opportunities for all; where large institutions are not the protagonists. We work for you and for all entrepreneurs who have a futuristic vision. The step is today ... tomorrow may be late.

# CORPORATE TEAM LIONCOIN (LCN)

We are a group of entrepreneurs in different parts of the world; with ideals and a vision of growth. This is the main reason why we have developed our Token and thus benefit many people with it; especially children with cancer around the world.

This Token is also special for Holders; giving them an excellent benefit by being part of this great project; where soon we will have our own video-game platform, where gamers will be able to obtain rewards and collect them in our own Token. At the same time we will create alliances with different developers and creators of online games; being our Token the main supply of them.
